

November 16, 2001

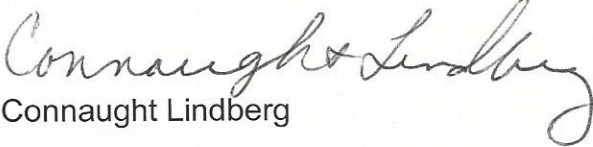

Dear Members of the GWCSO:

This morning I read Rod Miller's letter of resignation from the board, and it has prompted me to let you know that I am willing to serve on the board. I think I have skills that may be of use, and I am willing to make a serious effort to work with the other members so that the CSD can operate smoothly and accomplish its tasks in a timely manner.

I am retired now, but during my 30 years as a classroom teacher, master teacher, and member of the peer review council I have worked with many others in a variety of situations. I believe I have learned to develop rapport, maintain confidentiality, and make astute observations.

Balancing vastly different points of view between families, the district, and the unions has taught me to be honest, diplomatic and fair. I am willing to work hard to help the board members accomplish their lawful tasks in an efficient and timely manner.

Sincerely,

Connaught Lindberg
