ITEM	QTY	DESCRIPTION	TOTAL
1		HOT POUR CRACKFILL NOTE: *** I am not supplying a number for crackfilling this section. In my opinion, I believe it would be a waste of money, time & material. I feel that crackfilling this section would not remedy or prolong the life of the asphalt. A lot of this section is "alligatorred" and beyond maintenance requiring crackfill. The only solution to this would be an overlay with hot asphaltic concrete or to remove & replace with hot A/C.***
