6. Director Reports

Director Williams: Addressing the speeding issue began with short history in which Board of Supervisors established the speed limit in 1980s and reinforced it in 1990s with Ordinance 2. CHP number was listed in last newsletter. CHP presence has increased. Officers are providing enforcement on speeders.

Director Stoddard: Financial Officer's Report: balance \$319, 877. Will check with EverGreen Tech about why there were two billings.

Director Orrick: private weed abatement project.

Director Hill: Contact with transportation department regarding who should be authorizing encroachment process (GWCSO or county). County Ordinance 12.08 Road Encroachments, Fees, Inspections lays out all steps in the county process, including fines if the county process is not followed. County has changed its approach based on PGE's method of working on roads. Discussion. No further action will be taken on this item without new information.

Director Regelbrugge: Signature sheets for authorization of invoices CY 2026;
Form 700 needs to be signed;

Newsletter proofs were shared with Board;

Election Year 2026 will call for election of three directors. There is some paperwork to be done prior to election, probably at June 2 meeting. Candidates are responsible for paying their own election costs;

What about the permanently parked vehicles at 6800 Crystal Blvd? This condition is addressed in Ordinance 1 referring to "Obstructions in Easements/Encroachments" and provides that we red tag the vehicles and refer the condition to District Attorney's office.

7. Old Business

- **Budget Update** – The Board will consider whether to revise the District’s budget to reflect carryover from FY 2024-25 of \$245,664 per County financial statements. Should the revision be approved, adoption of the revised budget will be considered in the next Regular Meeting.

Board Discussion/Public Comment/Board Action

We have about \$312, 000 in road maintenance funds to put towards remainder of Crystal overlay project. Should District budget be amended to include County’s carryover amount in revenue? Moved by Dir Williams to revise the budget at the next meeting. Seconded by Dir Hill. Motion passed unanimously. **Editor’s note: this is an annual concern. By statute, the District is required to approve and submit a budget by July 1, the first day of the new fiscal year, in order to begin spending in the new year. By statute, the County is required to produce final annual reports by Sept 30th. The District receives these final County reports in September/October, well into the operating year for the District.
