Version 1.4a

### **GWCSD Road Maintenance Responsibilities**

This document details the extents of GWCSD's road maintenance responsibilities. If a roadway or roadway segment is not on this list, the GWCSD is NOT responsible for its maintenance. Only public<sup>1</sup> roads, or dedicated public segments of easements are maintained by the GWCSD. It is not legal to use public funds for maintenance of private roads or easements.

The process of adding roadways to GWCSD's responsibility is beyond the scope of this document.

Roads that are public in total are:

Dolomite Drive

Galena Drive to and including the cul-de-sac

Manganite Street

Crystal Boulevard in its entirety with the exception of that portion north of the "County 196" sign (see photo below). The sign is located on the west side of Crystal 0.21 miles south of the SR 49 right-of-way (per County DOT).

Roads that have public segments connecting to Highway 49, Dolomite Drive or Crystal Boulevard and which have road extensions with easements on private property are (listed alphabetically):

- Amalgam Street
- Barite Street
- Calcite Drive
- Ferrite Street
- Galena Drive
- Mica Street
- Oak Ridge Circle North
- Oak Ridge Circle South
- Obrizo Street
- Ore Court
- Pyrite Street
- Sam Hill Mine Court (Antimonite Way on Map)
- Sodalite Street
- Talcite Street

The exact length of road segments that are in the public domain to the point of demarcation to private easement roads is as stipulated on the recorded Maps of Golden West Paradise Subdivision Unit No. 2 and Unit No.5. The dimensions below are provided for convenience use, and may result in minor discrepancies from the subdivision maps, but shall hold for the purposes of this document

---

### Unit No. 2

---

<b>Public Road Name</b>	<b>Distance From Specified Roadway</b>
Ore Court	90 feet from adjoining edge of Highway 49
Pyrite Street	590 feet from center of Dolomite Dr.
Sam Hill Mine Court (*Antimonite Way)	330 feet from center of Dolomite Dr.

---

**Unit No. 5**

---

<b>Public Road Name</b>	<b>Distance from Crystal Boulevard Centerline</b>
Ferrite Street	335 feet
Sodalite Street, N	625 feet
Sodalite Street, S	1025 feet
Oak Ridge Circle, N	50 feet
Oak Ridge Circle, S	52 feet
Obrizo Street	520 feet
Calcite Drive	1,320 feet
Cinnabar Street (*Mica Road)	555 feet
Unnamed road (*between lots 149 and 150)	257 feet
Talcite Street	795 feet
Mica Street	338 feet
Amalgam Street	900 feet
Barite Street	425 feet

(\* indicates road names on Unit 2 & 5 Subdivision Recorded Maps)

---

<sup>1</sup> Public roads are, as a minimum, roads that have been deeded to El Dorado County and formally accepted by the GWCS D Board of Directors after a public hearing.

**Revision History:**

February 15, 2024

Changed GWCS D name from "Service" to "Services"  
Changed to logo with the new name

Version = 1.4a  
File = GWCS D\_Rds\_V1d4a.doc  
by: J.W. MacConnell

May 24, 2023

Modified the Crystal sign location definition with input from  
Marc Regelbrugge. Released Version

Version = 1.4  
File = GWCS D\_Rds\_V1d4.doc  
by: J.W. MacConnell

April 3, 2023

Modified the Crystal definition with information researched by district  
resident Edwin White. Draft Version

Version = 1.4  
File = GWCS D\_Rds\_V1d4.doc  
by: J.W. MacConnell

March 9, 2013

Modified last sentence of first paragraph.  
Modified footnote defining "Public Roads"

Version = 1.3  
File = GWCS D\_Rds\_V1d3.doc  
by: J.W. MacConnell

March 7, 2013

Added footnote defining "Public Roads"

Version = 1.2  
File = GWCS D\_Rds\_V1d2.doc  
by: J.W. MacConnell

January 29, 2013

Modified logo image to a .GIF file to reduce PDF file size.

Version = 1.1  
File = GWCS D\_Rds\_V1d1.doc  
by: J.W. MacConnell

January 28, 2013

First version written using data and excerpts from preliminary  
Version 4 of the GWCSO Road Policy currently being written by Bernard  
Carlson.

Version = 1
