Request for Proposal:

6329 Crystal Blvd drain out improvement

Date: April 2, 2024

Scope of Work:

Stabilize the ground and culvert around the drain out. Mitigate flow obstructions in the drain easement between the drain out and the under-driveway culvert. The culvert is on the East side of Crystal Blvd.

Location of Work:

The work area will be within the Golden West Community Services District, approx. four miles South of El Dorado on Highway 49.

Description of Work / Proposal:

Prepare the area around the drain out as necessary. Stabilize the ground and pipe using recommended and accepted methods. Mitigate or improve water flow by re-shaping and/or lining the outflow area with rock between the drain out and the under-driveway culvert.

Note: Access to this project will require working on private property. Specifically the driveway and area around the easement. Upon completion of the project private property will be left in or restored to it's condition prior to the project work.

Traffic Control:

All traffic control shall be the responsibility of the Contractor. This will include the road shall remain open with minor traffic stoppage as needed when mobilizing equipment, materials or workers. Public and worker safety is a priority throughout the project.
